

Statement from Soul Children of Chicago founder, Dr. Walt Whitman, Jr. through their attorney:

“The Soul Children of Chicago have a 40 year history of excellence and a disciplined focus on educating and empowering the lives of our youth. During the rehearsals at St. Sabina the choir always had chaperones and parent attendants watching over the children.

Dr. Walter Whitman and the Soul Children denounce the recent allegations and support Father Pfleger as a man of integrity,”

Andrew M. Stroth
